

# SUPPORT THE CUMBERLAND COUNTY FAMILY SHELTER

This is the 15<sup>th</sup> year we have pledged our support to the Cumberland County Family Shelter. When we were informed the children in the shelter were being bussed to their usual classrooms in our county schools, we realized they needed our support more than ever. Although the Cumberland County Family Shelter is funded by the state and several organizations, there is never enough to supply their needs. As educators, we continue to "give back" to our students and the community as we always have. If we continue to supply the basics, they can supply other necessities such as food, warmth, and bedding.

Here is a list of needed items and, surprisingly, a list of forbidden items.
